

ECO-LUXE LAUNDRY INSTRUCTIONS NON  
PROGRAMMABLE MACHINES

**Wash:**

Do not wash linen with other items such as towels.

Use commercial grade laundry detergent.

**We recommend adding Tide Stain Release In Wash Booster.**

Sparingly use liquid fabric softener to control static electricity build up and improve wrinkle free appearance.

(Alternative methods mentioned are to add a cup of white vinegar to the wash or tossing a clean, unused tennis ball in the dryer during drying.)

Wash on Permanent Press cycle using hot water and cool or cold water rinse.

Use a slow spin cycle if available.

Non-chlorine bleach may be used.

**Dry:**

Set dryer on permanent press cycle, medium heat with cool down cycle.

Remove promptly and fold.

Please note that after the first or second wash, there may be some fine lint that appears in dryer. This is normal.
